Congratulations to Krysta Hilker!!

Krysta is the Skip of the Grant MacEwan University Women's Curling Team & won Gold in the Alberta Colleges Provincial Title in Vermillion in early March. Krysta was voted All Star Skip that week and then won Alberta's Most Valuable Player for the Year. They moved on to the Canadian College Athletic Association, National Championships in Sault St. Marie from March 18-23 where they placed 5th overall with a 3-4 record. As they say in Curling, they were just on the wrong side of the inch! It was a great experience for her & teammates. Krysta has two more years left at Grant MacEwan and has a couple of chances to grab that National Title.

Bicycle Helmet Safety

Head injuries are a leading cause of serious injury and death to children on bicycles*. Most injuries occur when a cyclist suffers a fall, strikes a stationary object, or collides with another cyclist, or pedestrian. Remember – it's the law in Alberta that cyclists under the age of 18 must wear a helmet (and highly recommended for all ages). Helmets should be CSA approved and worn during recreational activities such as skateboarding, in-line skating, or cycling.

Getting informed

- Wearing a helmet while cycling can prevent a serious injury or save a life;
- Brain injuries can cause permanent disability or death;
- Reduce your risk by always wearing your helmet;
- Replace any helmet that has been involved in a crash, even if it appears undamaged.

Getting started

- Allow children to assist when buying their helmet. Cyclists who choose their own helmet are more likely to wear them;
- Start the habit early. Young children learning to ride tricycles need to wear helmets;
- Parents must lead by example: always wear your own helmet when cycling.

Getting the right fit

- Take the time to properly fit and adjust your helmet to ensure maximum protection in case of a crash;
- When worn properly, helmets should fit level, not tilted up, or down over the forehead;
- Helmets should feel snug, but not too tight. To test the fit, the helmet should not fall off when you shake your head from side-to-side while the straps are unfastened;
- Adjust the chin straps to form a "Y" below and slightly forward from the ears;
- Only one finger should be able to fit under the chin strap when it is fastened;
- Do not forget to use the sizing pads included with the helmet. They will help improve the overall fit and comfort.

Rosslyn Neighbourhood Reconstruction Open House...

Rosslyn residents and property owners are invited to learn about neighbourhood reconstruction scheduled to begin in 2015. City staff will provide information about preliminary design, the construction timeline, and the local improvement process.

Construction activities include:

- Drainage renewal
- Reconstruction and repaving of roadways
- Streetlight upgrades
- Reconstruction of sidewalks, curbs and gutters

Property owners will also learn about options and costs associated with sidewalk and decorative streetlight local improvements.

The open house will take place:

Wednesday, April 16, 2014

6:30-8:30 p.m.

Rosslyn Junior High School

13215 113A Street

There will be a formal presentation at 7 p.m.

Building Great Neighbourhoods is a long-term initiative coordinating three City programs —Drainage Neighbourhood Renewal, Neighbourhood Renewal and the Great Neighbourhoods Capital Program—to improve neighbourhood livability through the renewal and enhancement of neighbourhood infrastructure.
