MESSAGE FROM THE PRESIDENT

Hello Folks,

I hope all of you are enjoying the recent weather we've had & getting back to the yard clean-up & gardening chores.

Rosslyn's Annual Volunteer Appreciation Night was held last month on the 19th and we all enjoyed a wonderful meal & refreshments. Thanks to Allie Walker our Social Director, for putting it all together for us.

We had the privilege to include these Volunteers in attendance, to join us at our Annual General Meeting later that evening. Elections take place near the end of this meeting to fill positions on our Board.

The Rosslyn Executive would like to welcome Mr. Brian Lum, who volunteered to take over, as our 1st Vice President. Special thank you to Ms. Lynn Bloomaert who had that position for quite a number of years. Another welcome to our Executive is Mrs. Veronica Kroetsch that has graciously volunteered as the Bingo Chairperson, taking over from a long-time volunteer in this position, Kathy McIvor. Kathy has agreed to still assist Veronica in helping with her duties. Thanks so much Kathy!!

Our next monthly General meeting is on Wednesday, May 6 & you are all welcome to attend

On behalf of your Executive!!

Yours Sincerely!

Greg Hilker
President,
Rosslyn Community League

Window & Balcony Safety

With the return of warmer weather, Emergency Medical Services (EMS) would like to remind parents & caregivers, of an often overlooked hazard in the home – open windows. Every year, paramedics respond to emergencies where a child has fallen from an open window – often from the second floor. Falls such as these are preventable by taking time to assess your home and ensuring windows are safe.

Windows and screens

- Move furniture such as cribs, beds, stools, and change tables away from windows to prevent access to them;
- Keep drapery cords out of childrens' reach. Wrap excess cord around cleats, or tie-downs to avoid a choking hazard;
- Remember: screens are designed to keep bugs out, NOT to keep children in.

Balconies

- Do not underestimate a child's ability to climb. Furniture and other items stored on balconies and decks can be used to climb resulting in falls over the railing;
- Consider installing a balcony guard to eliminate access between the vertical bars of a balcony, or deck.

Further prevention tips

- Children aged one to four are at highest risk of falling from a window or balcony;
- Direct supervision of children is the single most effective way to prevent falls from windows and balconies;
- Consider installing safety devices which limit the distance in which a window can open;
- Ensure the safety device can be released quickly, so the window can be used for escape in case of fire, or other emergency.

EMS is proud to be a member of the **Partners Promoting Window and Balcony Safety**. Take time to assess your home for window and balcony hazards and eliminate the risks before a preventable fall occurs.
